

# Redistricting 2021

Every ten years, local governments use new census data to redraw their district lines to reflect how local populations have changed.

## What is Redistricting?

**Redistricting** determines which neighborhoods and communities are grouped together into a district for purposes of electing councilmembers. The City Council will seek input in selecting the next district map for electing councilmembers. You have an opportunity to share with the council how you think district boundaries should be drawn to best represent your community either during the public hearings or by submitting comments to [districtelections@fairfield.ca.gov](mailto:districtelections@fairfield.ca.gov)

## Where Do You Draw the Line?

## How can I get involved?

The City Council will be holding hearings to receive public input on where district lines should be drawn. Share your specific thoughts, draw a map, or attend our workshop to get involved!

- Submit written testimony about the process or a specific map to [districtelections@fairfield.ca.gov](mailto:districtelections@fairfield.ca.gov)
- Attend public hearings and/or workshop to speak about the process or a specific map

DATE	ACTION	LOCATION
August 17, 2021	First pre-draft map hearing Provide information on the process and solicit public input on communities of interest. Identify "neighborhoods," "communities of interest," and "secondary areas." Mapping tools overview.	6:00 P.M. Council Chamber 1000 Webster Street
